## What is the NFVCC?

The NFVCC is a strong and vibrant coalition that offers education to parents, community members, and youth. The NFVCC provides alternatives to substance use such as the Youth Center, substance free activities and events, leadership-focused youth groups and a K -12 Mentoring Program.

The NFVCC provides opportunities for parents and community members to get involved in creating a substance-free community. Keeping youth safe and providing the skills to deal with life's many challenges is the Coalition's first priority. We know youth need various skills, experiences, relationships, and behaviors to become healthy and contributing adults. Research shows the more developmental assets a youth has the more well-adjusted they become as adults (Search Institute, 2015).
